High performance products.
Unmatched reliability.

We provide thousands of parts to a global customer base while reducing material costs and expediting order fulfillment.

FDH Defense Aftermarket Overview

OUR COMMITMENT TO THE CUSTOMER

When everything is on the line, we meet your supply chain needs. When your objective is mission-critical, you need speed, and unmatched service and support from your supply chain partner.

This is when you choose FDH Defense Aftermarket. This is why our long-term partners stay with us. We are a leading global provider of life-of-program product and end-to-end military aircraft support, serving as a key partner throughout the entire ecosystem of component procurement.

Authorized Manufacturers

Platforms: F-35, F-22, F-18, F-16, F-15, F-5, T-38, C-130, UH-60, AH-64, UAVs, CH-47, P-3, IDF, and more.

Focused on the design, development, and manufacture of specialty fluid and motion control products for demanding aerospace and defense applications.

A leader in Inertial Navigation for defense applications in the Aeronautical, Missile, and Land domains, our systems worldwide and are actively engaged in research and development of next-generation sensor technologies.

The premier strategic partner for engineered excellence providing fluid filtration, controls, and energetics for aerospace, defense and adjacent markets. PTI products include complex assemblies and valves, aerial refueling receptacles, filtration systems, fluid controls components and miniaturized electro-explosive devices.

A Fortune 250 leader in motion/control technologies, offers solutions in electromechanical, hydraulic, pneumatic, filtration, and aerospace systems to drive engineering breakthroughs.

A leader in advanced materials and technologies, providing high-performance solutions for coatings, electronics, and additive manufacturing. Trusted by aerospace, automotive, and energy industries to boost efficiency and meet exacting standards.

FDH DEFENSE AFTERMARKET SOLUTIONS

PARTS SUPPORT

Your one-stop shop for aftermarket support. With over 280,000 unique line items in stock, we serve a wide range of platforms. From a single in-stock part to rare components or complex military program needs, our expert team delivers fast, reliable solutions tailored to your requirements.

REPAIR MANAGEMENT

Manages every aspect of customer component repair requirements. We specialize in locating and qualifying repair shops that have unique, hard-to-find repair capabilities for legacy parts. With our vast supply network, repairs are always to customer specifications and in the turn-around time required.

LICENSING PROGRAMS

Provides life-of-program support for legacy military products and systems through Manufacturing License Agreements. This full-spectrum support spans the entire supply chain process, freeing you to focus on critical operations while relying on us to locate hard-to-find parts and source repairs.
